## GREETINGS

Thank all of you for those nice orders and letters last season. As many of you know I have a regular position and the iris and day lily gardens are a HOBBY. The prices are strictly my own and for prices and quality I doubt if you can do better anywhere.

All mail orders of \$3.00 or more will be prepaid in this and adjoining states. All other states must include 5 cents per plant, extra, for postage. All orders for less than \$3.00 in this or any other state will require 35 cents in addition to the amount of the order to cover shipping.

I begin filling orders in June and continue late into Fall. July, August and September are the best months to plant and divide iris in the Tri-state area.

Visitors are always welcome during the blooming season in May. If there is no hostess about the premises you may feel free to brouse around as you wish.

Always state on the order sheet when you prefer to receive your plants. Substitute lists are always appreciated.

West Virginia residents and all pick up orders from non-residents shall pay a 2 per cent State Sales Tax.

My residence phone number is 23454. The office phone where I work is 32991. If no answer at the office number please call again from time to time. My duties keep me out of the office intermittently.
